## BRIDWELL AND HEYDRICK WELL FLOW GAINS

### GRID SEASON TO OPEN HERE TODAY WITH ALTUS HIGH

Hard Game Is Expected with Fast Oklahoma Team at Fair Park This Afternoon as Opening Attraction of 1924 Football Tourney

The stage is all set for the opening of the 1924 football season here this afternoon when Vernon high school eleven meets the fast team from Altus high school. Indications were yesterday that all of the local men would be in condition to play in this afternoon's game and it is expected that the line-up on which Vernon will depend for the state championship will start the game today against the visitors from Oklahoma.

It is the plan of Coaches Baggett and Wilmon to start the regulars and then give the substitutes a chance. In fact there are one or two positions still open. In these instances there are two or more men of about the same ability and the coaches have not been able to decide just who will get the regular berths. The method of play for this afternoon is designed to test the men who will be likely to carry the brunt of this year's campaign in order that the very strongest possible line-up will be obtained for the all-important conference games which begin next month.

The Altus aggregation is a highly touted football organization and it is expected that the locals will have a struggle from the very start. Altus last year had one of the best teams in western Oklahoma and it is stated the team this year is even stronger. Under these conditions the Vernon lads will get a thorough workout against just the kind of teams they will meet during the championship season which follows. Not only that, but it is not certain that Vernon will be able to beat Altus, if the information obtained on the Oklahoma team is correct.

The backers of the locals are confident of victory, although they admit that Altus will very likely put up a stiff game. All indications are that it is anybody's game at Fair park this afternoon, with football strategy and the breaks of the game possible deciding factors. This assures the fans a fine exhibition of high school football at the very outset of the season.

In fact, the cards are set for nothing but hard games for Vernon this year. The first scheduled game of the conference season is with Wichita Falls, followed by one with Electra, and then if Vernon wins the east side championship she will have to meet Plainview, Lubbock or Amarillo for the right to enter the semi-finals. All these towns have good teams and the winner of the title will have achieved an honor to be proud of.

Marvin C. Culbertson will be referee of this afternoon's game. A. F. Winston will umpire and R. M. Fielder will be head linesman. The opening whistle will be sounded at 3:30 and the Lions will be off to a state championship, their supporters confidently expect.

The Lions will be represented by men selected from the following list:

Ends—Crouch, Bowman, Teel and Cooper.

Tackles—B. Reed, Zachry, Burrow, Coleman and R. Key.

Guards—C. Reed, Norwood, Steinman, T. Key and Bowers.

Centers—Robinson, Goetze, J. Scott and Lisman.

Quarterbacks—Ryan, Williams and Luttrell.

Halfbacks—Bourland, C. Key, Ballew, Withers, Hollar, L. Walker and Gelhausen.

Fullbacks—Walker and Newth.

Utility—Adams, Black, E. Walker, R. Scott, Hitt, T. King, C. Thomas, Koontz, A. Crouch, Vaughn and Handricks.

### SPOTLIGHT OF NEWS FOCUSES ON THESE

Above: CLAIRE ADAMS and MARY GARDEN. Below: VERA LEIGHTNER and NORMAN W. CHURCH.

Mabel Normand again broke into print when she was named as a correspondent in divorce action filed against Norman W. Church, of Los Angeles. Unusual was the marriage of Claire Adams, motion picture beauty, and Benjamin Hampton at Hollywood. Hampton's first wife asked Hampton to wed the pretty actress as she lay dying. Her reputation is worth a million. Vera Leightner, of New York, announcing she had instructed her attorney to bring suit for that amount against home, in which she and guests were arrested. Mary Garden, prima donna, emerged in a new role when she was announced as godmother to the French village of Peille.

### TWO STORES MOVE DURING NEXT WEEK

RUSSELL TO OCCUPY KINCHELOE BUILDING — SMYTHE GOES TO MURRAY CORNER

Russell's department store will be moved early next week from its present location in the Murray building on the corner of Pease and Main streets to the Kinchele building on Pease street in the same block. The removal of some of the stock and fixtures will be started Saturday night after business hours, it is announced by C. Fred Russell, manager of the store and it is hoped to have the old building completely vacated by the middle of next week.

Carpenters have been busy for the past ten days making changes and additions to the Kinchele building preparatory to the move by the Russell store, and new fixtures ordered from a Grand Rapids, Mich., concern are expected this week. When these arrive, the task of removing the stock and fixtures from the old building will be rushed as rapidly as possible. It is hoped that the Russell store will be arranged and ready for business in the new location by the latter part of next week.

T. B. Smythe & Son, whose dry goods business is now located in the old Hahn building on North Main street, will move into the Murray building as soon as it has been vacated by the Russell store.

Concessions—Robinson, Goetze, J. Scott and Lisman.

Quarterbacks—Ryan, Williams and Luttrell.

Halfbacks—Bourland, C. Key, Ballew, Withers, Hollar, L. Walker and Gelhausen.

Fullbacks—Walker and Newth.

Utility—Adams, Black, E. Walker, R. Scott, Hitt, T. King, C. Thomas, Koontz, A. Crouch, Vaughn and Handricks.

### REFINER IS HERE TO INVESTIGATE LOCAL OIL FIELD

Representative of Home Refining Company of Olney Spends Wednesday in Conference with Operators with View of Contracting Output

Glenn D. Peeler of Olney, an official of the Home Refining Company, spent Wednesday in Vernon and in the South Vernon field investigating the possibilities of establishing a refinery here for handling the output, or a part of it at least, from the field which is fast developing into one of the most important in North Texas.

Mr. Peeler did not disclose what the result of his investigations were, but he did discuss with a number of the operators in the field the matter of contracting for their production to be refined at a plant which his company is considering establishing in Vernon. The Home concern is one of the large independent refining companies, operating in the Texas fields, and Mr. Peeler stated that his company has a 2,500-barrel plant which could be moved to Vernon and put in operation within a very short time, if suitable arrangements can be made for a supply of crude.

The plan under consideration by Mr. Peeler and his associates includes the laying of a pipe line from the field to Vernon, but whether they would put in the pipe line themselves or arrange with some other group to handle this particular part of the enterprise was not stated.

The opinion was expressed, however, that the production in the South Vernon field has already reached a point where sufficient production is in sight for the operation of a small refinery. It is also pointed out that a refinery could be installed in units and the capacity increased as the available crude oil supply increases.

No action was taken looking toward securing a site for the proposed plant. This and other details will be delayed until after some more definite plans are formulated with reference to the actual location of the refinery. It was indicated by Mr. Peeler that his concern would take no definite steps until more production is in sight than is now available from the wells already brought in.

### Vernon Placed in Second Class as To Water Supply

In the classification of all municipal water supplies in the state, Vernon has been placed in the B or second grade according to an announcement of Dr. Malone Duggan, state health officer.

Towns to the number of 99 have been put in the A grade column. Amarillo, Childress, Dalhart and Wichita Falls are included in this list.

Class B, includes 203 towns. Alvord, Archer City, Bowie, Burkhardt, Chillicothe, Clarendon, Claude, Crowell, Electra, Estelline, Henrietta and Iowa Park are classed with Vernon.

Nine towns have been placed in class C and none in this section of the state is included in the list.

Grade A represents those water supplies that are reasonably safe for drinking purposes at all times; it also indicates that monthly reports are submitted by these towns to the State Board of Health, giving data concerning quality of operation of the water plant and the method of laboratory control.

Grade B represents towns whose water supplies do not come up fully to the State Board of Health regulations, but suggested improvements are being made.

Grade C indicates that the public water supply in the listed towns has been found unfit for drinking purposes except when boiled or otherwise treated.

### NEW BUSINESS BLOCK IS NEARING COMPLETION

Work on the three new buildings on Main Street in the Waggoner National Bank block is proceeding rapidly this week. Plastering and other interior finish work is being done on the Smith building and all brick work has been completed on both the Dixon and Murchison buildings.

### NEWS OF THE DAY FEATURES THESE.

Above: CARDINAL O'CONNELL and MRS. JOHN D. SHERMAN. Below: MRS. JOHN D. SHERMAN and COL. THOMAS W. MILLER.

A national holiday to commemorate the birth date of Walter Johnson, veteran star of the Washington American League club's hurling staff, has been proposed by Mrs. John D. Nolan, woman member of Congress from California. The National Federation of Women's Clubs has elected Mrs. John D. Sherman its new head. Her home is in Estes Park, Colo. The custodian of alien property in the United States, Colonel Thomas W. Miller, has been chosen head of the Federation of International War Veterans at its meeting in London. An enthusiastic crowd heard Cardinal O'Connell, of Boston, propose three cheers for the Pope at a meeting in Washington preliminary to the gathering there of the Holy Name Society, and the cheers were given in a remarkable demonstration.

### VERNON TO HAVE NEW DRUG STORE

HOWARD RICHIE TO OPEN PALACE NEXT WEEK—DR. J. L. TULL TO BE PHARMACIST

The Palace drug store will open for business about October 1, according to announcement of the owner, Howard Richie. The new drug store will be in the Burk building on West Texas street and workmen have started remodeling the front of the building. Modern show windows will be put in to better display the line of goods.

The fixtures and stock will arrive next week and the firm expects to be ready for business no later than October 4. A full line of new drugs and sundries will be carried and an up-to-date soda fountain will be installed.

Mr. Richie has lived practically all his life in Wilbarger county and has been a resident of Vernon since 1908. He is a rising young business man of this city and is well known here.

Dr. J. L. Tull, also well known resident of this city, and who ranks high as a pharmacist, will have charge of the prescription department. Dr. Tull has not been actively engaged in this line of business for some time, having quit work when the People's Drug store was disposed of in 1919.

### 51-Pound Pumpkin in County Exhibit at Wichita Falls

A pumpkin, weighing 51 pounds, forms a part of the exhibit being taken to the Texas-Oklahoma Fair at Wichita Falls this week and to go to the Dallas Fair next month. The melon was raised on the farm of J. C. Sherrard, four miles east of Vernon.

P. D. Chaney, County Agent, who has charge of the exhibits to be made for Wilbarger County this year, says the pumpkin brought in by Mr. Sherrard is the finest he ever saw. It is well formed and beautifully colored and will form an interesting feature of the exhibit.

In addition to the mammoth pumpkin Mr. Chaney has secured a 52-pound watermelon.

### WILBARGER CHILDREN GET TICKETS TO FAIR

L. A. Hollar, county superintendent, has received a large number of tickets to the Texas-Oklahoma Fair at Wichita Falls to be given to the school children of Wilbarger county. The tickets are good for September 29th and any school child who will be at the fair on that day may secure a ticket by calling at Mr. Hollar's office.

### COUNTY EXHIBIT SENT TO WICHITA

COUNTY AGENT CHANEY IS CONFIDENT OF WINNING BIG CASH PRIZE THIS YEAR

County Agent P. D. Chaney and R. M. Fielder, secretary of the Vernon Chamber of Commerce, left this morning for Wichita Falls to begin the arrangement of the Wilbarger County display at the Texas-Oklahoma Fair, confident of winning an award among the first two or three to be made by the judges at the exposition.

The local men have assembled what they believe to be an exhibit that will be hard to beat, although the prizes offered by the Wichita Falls fair is attracting exhibits from a larger number of counties than have ever shown there before. The capital prize at Wichita this year is \$100, which is \$50 higher than the capital prize at the Dallas Fair, although the aggregate of prizes to be given on county exhibits at Dallas is greater than the total of the cash prizes on county exhibits at Wichita Falls.

A great deal of time has been expended in gathering, assorting and calling the farm products to be exhibited this year for Wilbarger County by the Chamber of Commerce in co-operation with P. D. Chaney, county agent, who is to have charge of the exhibits at both Wichita Falls and Dallas.

From Wichita Falls Mr. Chaney will send the bulk of the exhibit to Dallas, with the addition of certain products that will not be in condition to show after next week at Wichita Falls.

Work on decorating the booth and arranging the exhibit in the agricultural building at Wichita Falls was started today and practically the entire time between now and the opening of the exposition Monday morning will be required to get the booth ready.

Mr. Chaney believes that he will have an excellent chance of winning first place this year and he is anxious for all fair visitors from Wilbarger County to see the booth.

### New High School Ready November 1 Officials Believe

The new high school building on West Yamparika street will be ready for occupancy by November 1, it is believed by the contractor, S. P. Hughes of Oklahoma City, and school officials, following the rapid progress made on the building the past ten days.

It is planned to occupy the building and move the student body from the old building on Paradise street as soon as the new structure is completed and accepted by the School Board.

### LOCATIONS MADE FOR NEW WELLS IN LOCAL FIELD

Bridwell & Heydrick Spud in Stephens No. 1 and Prince Bros. Start Work on Derick—Operations Resumed on Dumas-Ellis

Spudding in of Bridwell & Heydrick's Stephens No. 1 in the north-west corner of section 33, offsetting the Wells-Giberson, Bridwell & Heydrick Dill No. 1 and the Clois L. Greene test on the Hawkins, Bond & Williams tract on section 100 and the resumption of operations on the Dumas-Ellis lease by the purchasers of that property, James E. McCamey of Rising Star and John Scherwin of Cisco are high lights in this week's oil activities.

McCamey and Scherwin have also taken over the Richardson lease and will shortly resume operations on the Richardson well, it is announced.

Another development of unusual importance is the beginning of work on the Prince Bros. rig on the Zipperle tract, across the road north of the South Vernon Oil Company's Stephens lease. The contract between Prince Bros. of Electra and the South Vernon owners calls for the drilling of two wells to the Bridwell sand free of cost to the South Vernon, the development of the forty-acre lease assigned to Prince Bros., thereafter to be on a fifty-fifty basis.

The Prince well is to be drilled with a big California type rotary rig with union stem and six-inch bit. These tools will enable the drillers to make better time than the usual rotary tools. They are the very latest development in rotary drilling outfits, it is said.

The Kemp-Birdsong is drilling at something over 1,800 feet and the sand should be reached within the next few days. Oil men are watching this test with considerable interest, because a strike there would prove up considerable new territory. It is about a quarter of a mile north of east from the Bridwell & Heydrick.

The Greene well on the Hawkins, Bond & Williams land, offsetting the Wells-Giberson and Bridwell and Heydrick is nearing the sand and the drill is expected to pick up production Sunday or Monday, if operations continue at the present rate. Several other deals are pending that call for the starting of new wells within the immediate future, and the demand for acreage and drilling contracts continues strong with every indication that the South Vernon field is destined soon to become the most active area in the North Texas area.

Sales of acreage are being limited to actual operators, which is considered one of the best policies that could be adopted. Lease speculators have been given little opportunity to acquire acreage. Local people interested in the South Vernon Oil Company and landowners believe that developments in Wilbarger County has been held back in former years because actual operators were kept away from the field because much of the choice acreage fell into the hands of lease speculators with the resultant pyramiding of prices to a point where operators could not get into the field.

### WILBARGER CLUB BOY ATTENDS AMARILLO FAIR

Thomas Chapman left Wednesday for Amarillo to enter the judging contests at the Tri-State Fair, the other three members of the judging team selected to represent Wilbarger County were unable to make the trip to Amarillo. R. M. Fielder, secretary of the Chamber of Commerce, after the other members of the team decided not to make the trip, remained here to assist P. D. Chaney in assembling the products to be exhibited at the Texas-Oklahoma Fair at Wichita Falls next week.

Young Chapman will judge dairy cattle, beef cattle, hogs, grain sorghums and corn.

### CARNEY SELLS LAMPASAS RECORD LAST WEEK

Ray S. Carney, former Vernon man, has sold his interest in the Lampasas Record to the Wells-Giberson lease, was here Wednesday. Mr. Carney has not announced his plans but it is said that he will continue to make Lampasas his home.

### 440 BARRELS MADE TUESDAY—STORAGE FACILITIES SHORT

Filling of Tanks on Lease and in Vernon and Delay in Arrival of Tank Cars Necessitates Pinching Off of Well Wednesday

The Bridwell & Heydrick, Dill No. 1, continues to be the biggest sensation in the South Vernon oil field and the production is measuring up to the predictions of some of the most optimistic observers. When the well first came in with a flow of about 300 barrels on Sunday, September 14, most of the operators who saw it predicted that it would reach 400 barrels and might go as high as 550 on peak production.

Sunday the actual gauge of the well was 412 barrels, which was increased to 420 Monday and jumped to 440 Tuesday. It was necessary Wednesday to pinch off the flow, because all tanks on the lease were full, storage capacity in Vernon had been exhausted and tank cars ordered had failed to arrive.

Bridwell & Heydrick had a fleet of seven trucks hauling oil from the lease to Vernon and Wednesday they sent a Reo speed wagon with a twenty-barrel carrying capacity and capable of making passenger car time to begin hauling from the lease. Many are of the opinion that if this well can be allowed to flow uninterruptedly a daily output of 500 barrels will be made. The steady increase in the flow after the well had been cleaned out is cited as evidence in support of this view.

There are numerous evidences that the South Vernon field is fast gaining a position of dominance in the North Texas area. The Wichita Daily Times Wednesday carried an article, written by the oil editor of that paper and based on the opinion of prominent operators of Wichita Falls, stating that the best opinion among oil men was that the local field seemed certain to take the play away from Archer and Young counties which have held the interest of oil men for the past eighteen months.

A number of prominent operators have been here this week looking over the field. Some have entered negotiations for acreage with a view of starting active operations at once.

C. W. Clark of the Shamrock Oil Company of Wichita Falls was here Wednesday.

James D. McMahon and Fred Kelleher, representatives of the Texas Company, spent Wednesday in the field. Just to what extent the Texas Company may become interested was not stated, but these men evidenced considerable interest in the developments.

I. A. Fine, J. D. Carter, Jerome Stone, Gay Hammond and R. S. Dillard of the producing firm of Bass & Dillard, all of Wichita Falls, were here this week looking over the field with a view of starting drilling operations.

W. G. Burton and Phil Lofland of Fort Worth have been here all week. Mr. Burton, it will be recalled, held large acreage here during the boom following the developments on the Sigler lease in 1920, but relinquished most of his holdings to concentrate his efforts in the Arkansas fields, where, some time ago, he brought in what was probably the largest oil well in the world with a production of 100,000 barrels daily.

W. G. Sheldon and John Brownlee of Electra were also among the oil field visitors this week. Clois Greene has been spending much of his time in the field keeping in touch with his well drilling on the Hawkins, Bond and Williams land.

The McCamey-Scherwin firm, who have taken over the Dumas-Ellis lease, have established headquarters in Vernon to keep in close touch with operations on their new holdings. Doc Prince of Prince Bros. is actively in charge of operations on the lease to be developed with the South Vernon Oil Company.

Miss Theima Wells of Wichita Falls, active manager of the Wells-Giberson lease, was here Wednesday. Further development of her acreage is contemplated by Miss Wells, but she declined to announce her plans at this time.

## Electricity on the Farm Discussed at Delco Sales School

Olin Turner, local Delco-Light dealer, has just returned from Fort Worth where, September 11 to 13, he attended the Southwestern Sales School which was conducted there by experts from the Delco-Light Factory at Dayton, Ohio.

Delco-Light dealers and fieldmen from the entire state were in attendance at this school, Mr. Turner advised. The factory representative who conducted the school and convention was S. R. Prugh, Assistant Sales Manager for the Southwestern Division.

The subjects treated, according to Mr. Turner, were the sale, installation and service of the various Delco-Light products, the farm electric plants, water systems and Delco-Light Electric washers. Mr. Prugh, he advised, explained the details of the Company's easy payment plan.

Considerable emphasis was placed, says Mr. Turner, upon the economic value of those electrical appliances, in their value from the standpoint of saving labor, and from the standpoint of brightening up the farm home, keeping those who live on farms satisfied with their surroundings and preventing the drift to the cities of those who can do so much good, for themselves particularly, if they remain on the farm.

The subject of running water for the farm received considerable attention, said Mr. Turner, and the points of the deep well pump were gone into. This pump, it was pointed out, could be operated wherever there was a supply of electricity and a great deal of labor saved, particularly in those localities where there is much stock to be watered.

An outstanding feature of this sales school, it was remarked, was the emphasis placed upon the value of electrical appliances for the farm, and the positive conviction that with the growing interest in the labor-saving and convenience features of this equipment, many thousands of farm homes, during the coming months would be getting their own electric plants and enjoying the benefits of electric lights running water and other electrical conveniences.

## A. & M. POULTRY SPECIALIST GIVES RULES FOR CULLING

Miss Emma Gunter, home demonstration agent presents the following information on how to cull poultry furnished by Miss Myrtle Murray, poultry specialist of the Extension service of A. and M. college:

## Tom Meighan Here at Vernon Theatre in "Woman Proof"

The new play of Tom Meighan is called "Woman-Proof." To the thousands of anxious souls who are waiting to find out if it is really so, we issue the following glorious bulletin.

No. Tom Meighan is not woman-proof!

If Tom Meighan ever went through a picture absolutely indifferent to the charms and attractions of our most important sex, the planets would wobble in their orbits, streams would run up-hill, the birds would cease singing, every school for girls would have the flag at half-mast, Adolph Zukor and Jesse L. Lasky would retire into their offices and refuse to see callers, the Statute of Liberty would turn around and look westward to find out what was the matter, President Coolidge would call a special session in order to meet the crisis, and the author of the play would be a fugitive from justice.

You may remember that in "Back Home and Broke" Tom was back home, but he wasn't broke—not by any means. The point of the story was that a lot of people thought he was broke. In the new story a great many relatives and friends and excited bystanders think that Tom is woman-proof because he is a little slow about picking out a girl and bounding her into matrimony.

He plays the part of a bachelor who must get married within a certain time limit to insure the division of a big estate. A brother and two sisters are watching anxiously because, if Tom doesn't get married by a certain date, they can't collect their money—and oh, how they need it.

Tom's father was to blame, because he made the will.

Tom is like a million other hesitating bachelors. He has the greatest respect and reverence for that adorable creature known as The Modern Girl, but he is busy with a big task and he waits and wants to be sure, and he regards getting married as an event and not a mere incident, and the months slip by, and the hard-boiled neighbors are telling him not to, and then Fate steps in, just as it does in real life, as well as in the pictures, and he is saved or lost, which ever way you choose to look at it.

That's about all of the story that we dare to reveal. Al Green is directing and Tom Geraghty is advising and Tom Meighan is Our Hero and Lila Lee is the girl and the author is hiding at home, so let us hope for the best. At Vernon Theater two days—Monday and Tuesday.

## Laurette Taylor on at the Pictorium Monday and Tuesday

Today is the first showing of that side splitting drama "The Yankee Consul," with Douglas MacLean in the role of the Consul.

Comic and hair-raising adventures to make the world laugh while rescuing a beautiful prisoner, (Patsy Ruth Miller), is the role of the screen star in his greatest comedy role.

Mack Sennett's comedy, "West of the Water Plug," is also on today.

"Fighting Fury," is on Saturday. The sort of screen story you have always hope to see—full of great natural scenery packed with dash-

ing-daring, whirlwind horseman-ship. A love story brimful of intense human appeal. Ad added at traction is "Iron Man," No. 6.

Monday and Tuesday, Laurette Taylor repeats on the screen her remarkable performance in the great stage success, "One Night in Rome."

The drama of a woman's soul bared beneath the pitiless lash of Fate, the great stage success in which Laurette Taylor's magnificent artistry was acclaimed by thousands is now a tremendous motion picture. Here is a love story of infinite tenderness, a drama that will keep you absorbed every minute of the way.

The comedy is the adorable Baby Peggy in "Jack-the-Beanstalk."

The Ladies Aid Society of the Central Christian church are now ready to tack comforts. Phone 531 or 18.

## DON'T READ THIS

"Do you want your money to go to an Old People's Home? Old people don't go to Homes any more! They play golf!"

"What's five thousand a year—these days? That wouldn't keep a woman in talcum powder!"

"Love affairs can't be arranged—they just happen. The more they pull at him, the more he'll hang back."

"Why, you conceited thing! I'm not here to see you—I'm here to take a last look at grandfather's farm—before you ruin it."

"Henry, our dear friends, the Rockwoods—must ALL get married within the next fifteen days or we remain on Easy Street. Let us do what we can to prevent any epidemic of weddings."

Wonder of wonders! Tom Rockwood—a tribulation of all mothers and the despair of debutantes—guaranteed woman-proof—gave one of those jolly luncheon parties out at the Country Club.

"—you know what happened to Mark Antony, Napoleon and that New York banker, don't you? Tom's human—and I'm afraid—"

And so, as they say in the moving pictures—two mighty forces battled for the soul of Tom Rockwood—while the whole world stood on the side lines and rooted:

"He's no sheik—give him time."

This whole story might end right here—except for the fact that a real gentleman can't make love in a crowd.

Accommodation is an empty phrase until put into actual practice. A bank's many facilities are naught until actually made use of.

THAT IS WHY we offer to the growing business man and farmer a banking service that will help them grow still bigger.

We believe in offering accommodation rather than waiting to be asked for them.

## 2 Million Acclaim 15 New Studebakers in First 36 Hours

Record was broken at the initial public showing of the 15 new Studebaker models on Saturday and Sunday, Sept. 13-14, not only in the numbers of attendance but in the enthusiastic and practically unanimous approval expressed, men long in the automobile industry declare. From actual count of the crowds who visited over 3,000 Studebaker show-rooms throughout America, where new cars were on display, it has been established that a total of over 2,000,000 people went to see what Studebaker had done during the first 36 hours.

From every Studebaker dealer come reports that the rush of keeping up with business, since then, has made it impossible to prepare and send in a statement of the opening-day attendance earlier.

During the rush of the first 36 hours many Studebaker dealers, particularly in larger cities, were completely unable to keep pace with the orders for new cars. Show-rooms were kept open until midnight, in many instances, and even then people had to be asked to leave.

In nearly every large city old cars were appraised at the rate of from 20 to 30 an hour, on proposed trade-in sales. And it is generally reported that salesmen could not begin to serve all who desired to place orders.

Automotive authorities state that nothing since the advent of the self-starter has so sensationally aroused the interest of American car-owners as the newtype Studebaker body—the Duplex Phaeton. In every show-room the biggest crowd was invariably centered about these beautiful, radically new models.

An inner structure, framed and shaped in steel, is integral with the lower body—a fundamentally new principle. It was explained that this construction makes possible a beauty of too-lines harmonious with the lower lines, and obviously permanent.

By use of substantial curtains, operated on concealed spring rollers, a powerful alert, open car is converted in less than 30 seconds into an entirely enclosed car offering thorough comfort and protection from wind, rain or snow. These curtains are each fitted with a special, extra-wide window, and so provide an entirely unique combination of open car advantages with 4-door closed car protection.

### WHITE CITY NEWS.

The farmers are taking advantage of the pretty weather this week and trying to rush their cotton picking. Those who were not fortunate enough to obtain pickers to board themselves are boarding single hands. Cotton is opening rapidly now, and will soon be fine picking.

Mrs. L. A. Anderson was carried to her home near Red River last Thursday week. She was recovering rapidly, and was able to be up when she released last Thursday. Although she is improving now, her condition is still serious. She underwent a serious operation a month ago.

Born to Mr. and Mrs. Casey Howard, September 20, a baby boy.

Mr. and Mrs. C. N. Hobson of West Vernon and their son, Thurman, of Chicago, spent Sunday night with Mr. and Mrs. R. G. Hobson and children.

Mr. and Mrs. J. M. Knapp and children attended preaching and B. Y. P. U. at the Fargo Baptist church Sunday night.

Miss Fannie and Bertha Gauntt and Mr. and Mrs. Ratio Hardage, and Mr. and Mrs. O. D. Stowe and little daughter, Mary Joe, were in Vernon Sunday afternoon.

Lawrence Bell and son, L. M. Jr., spent Sunday with his parents, Mr. and Mrs. G. A. Bell in this community.

Mrs. Cravens of Vernon is spending a few days with her daughter, Mrs. Casey Howard, near White City.

Reginald Hobson left recently for Houston where he will attend Central high school this winter.

Wilburn McCaughren left Sunday for a visit in Dallas.

Jesse Daniels and family of near Hinds have moved into our community.

J. W. McCaughren and son, Quinon, and Raymond Mayfield and Augusta Hardage, were in Vernon Sunday afternoon.

Relatives from Grapevine are visiting Mr. and Mrs. Jim Owensby. Mrs. W. W. Adams is staying with her daughter, Mrs. L. A. Anderson, near Red River.

Mrs. O. D. Stowe and little daughter visited her sister, Mrs. Lee Armstrong at Doans Monday afternoon.

Hunter Hobson and Colonel Nix—Mr. and Mrs. Ernest Gibson and children of South of Vernon, spent Thursday night with his brother, Mr. and Mrs. Lee Coffey.

A number of friends of Miss Ruby Johnson surprised her with a shower last week at her home west of White City. Many nice gifts were received by the honoree who will attend Canyon College this winter. A very enjoyable evening was spent.

Mr. and Mrs. J. M. Knapp and children, Mr. and Mrs. O. D. Stowe and baby and Rev. and Mrs. W. W. Adams were called to Red River Thursday evening by the serious illness of Mrs. L. A. Anderson.

The contrast between the home of Sophia Sczychowicz, of Salem, Mass., and that of William Sidney Felton, of Salem, one of Harvard University's honor men, made no difference in their love. Neither did the fact that she is a shoe factory employee and he a prominent attorney and member of an old Massachusetts family.

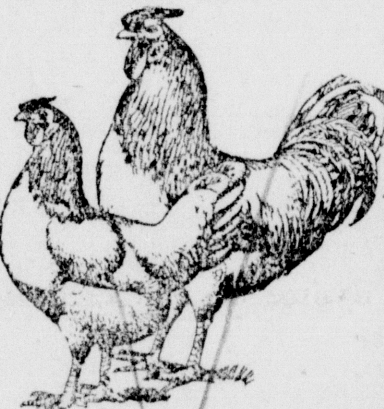

### CHEVROLET COACH IS NEW MODEL IN MOTOR WORLD

The Chevrolet Motor Company announces a new model to its line—the Chevrolet Coach, which will be the lowest priced coach on the market.

This Chevrolet Coach, however, differs from most of the coaches on the market in that the rear panels are steel clear to the top, like the other Chevrolet closed models, and is finished in black with gold stripe—the same as the Chevrolet Sedan.

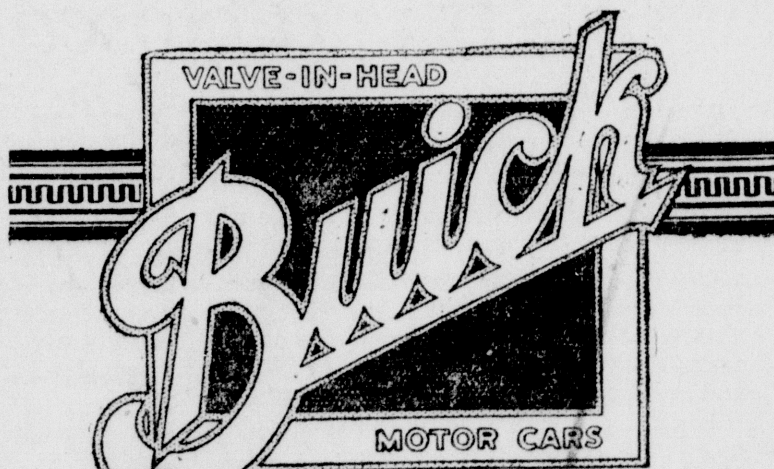

The door on each side is exceptionally large allowing for easy entrance and exit, while the wide windows, two on each side, afford an extreme range of vision during all seasons and refreshing ventilation in warm weather. The rear quarter windows are the same width as the door windows.

The interior of the Coach is large and roomy, with the driver's seat stationary and a folding seat to the right of the driver. The rear seat across the back has ample room for

## MAXIMUM BENEFITS

	CLASS I	CLASS II
AGES	15-35	36-45
Permanent Total Disability	\$3,000	\$2,700
Loss of Two Limbs	\$3,000	\$2,700
Loss of Both Eyes	\$3,000	\$2,700
Loss of One Limb	\$1,500	\$1,350
Loss of One Eye	\$1,000	\$ 900
Old Age Endowment	\$3,000 (at 65)	\$2,700 (at 70)
Death	\$3,000	\$2,700

Only seven members were ever accepted in Class IV, and no more are wanted. Not a great many in Class III have been accepted and no more are wanted except that for the present exceptionally good risks in this class may be taken when their children in Class I join at the same time. About seven-eighths of the present membership are young people and it is our plan to keep the percentage at least this high.

Please notice that we pay for every serious and permanent loss or disability as well as for old age and death. Also notice that we do not pay for temporary and minor losses or disabilities for we do not believe it is practical or satisfactory for an assessment association to care for such claims, as these will be made so often that it would keep the membership continually in "hot water" paying the assessments.

Ours is a local institution belonging to the people who are members and is managed and controlled by representative Vernon and Wilbarger County Business men.

All claims have been promptly and fully paid within 24 to 48 hours, and it is not necessary to go to some other city either far or near to collect. We hunt up the beneficiary as soon as we hear of a possible claim.

We run on a cost plus actual expense basis. There is a small membership fee, assessments to cover claims paid and to create a surplus in the beneficiary fund to care for emergencies, and Annual or Semi-Annual dues to pay the secretary and take care of all Association expenses. No pay whatever to other officers or directors. They are prompted to serve the Association for the good they may thereby do the community.

Many people told us soon after we organized, in August 1922, that they would join when the membership was sufficient to make the "policy" worth \$1,000. We passed this mark several months ago and have already paid one death claim amounting to considerably more than this. Benefits increase with every new member.

Come and let's make this the greatest "local mutual aid association" in Texas.

GETTING WHAT WE ORDERED.

This League of Nations matter may eventually get to be embarrassing to certain of our statesmen.

The Lodges and Borahs, along with other isolationists, demanded isolation, and it begins to seem as though the other nations of the world are going to respond by giving isolation.

And the particular kind of isolation that seems to be in store for the United States is to be a little more complete than the enemies of the Wilson foreign policies wished for.

Some of the foreign statesmen have even gone so far as to intimate that our "unofficial observers" will no longer be welcomed at the conference tables of the world.

At least one is to infer as much from statements of conditions issued by Mr. McAdoo on his return from a trip to Europe to recuperate following his unsuccessful quest of the presidential nomination of the Democratic party.

The views of Mr. McAdoo might be dismissed on the ground that he is a partisan of the League of Nations were it not for the fact that we have heard the same intimation from other and less partisan sources.

The reception given the suggestion of President Coolidge that a second disarmament conference be held under the auspices of the United States was sufficient evidence of the trend of European thought on the subject.

Stripped of the niceties of diplomatic language, the reply of the nations to the Coolidge suggestion was that if the United States desired to lead the grand march she must assist in compensating the violinist.

This was a cruel blow right in the midst of a campaign. If the European statesmen had been charitably inclined it would seem that they should have deferred making so blunt a reply until after election.

But insult is added to injury by the attitude of two other non-members of the League. Even Russia and Germany who have been ostracized to an extent by most of the nations of the world and who are particularly in bad repute with our own Government have indicated agreement with the suggestion that the League of Nations is the proper agency for the discussing of such matters as the reduction of armaments.

We have had the strange picture of the United States, self-righteous and self-sufficient, keeping company with Bolshevik Russia and Socialist Germany. Now these companions in isolation have still further isolated us by taking sides against us on the League of Nations.

Isolation we have demanded and it seems that Europe has conspired to give us isolation with a vengeance. And to think this kind of a thing happened right while the talkative Mr. Dawes, the silent Mr. Coolidge and the sensitive Mr. Lodge were telling the voters what awful things are in store for us if we don't vote the Republican ticket this fall.

LEADERSHIP IN THE MURDER LEAGUE.

A great many Texans, including some representative newspapers, are having a great deal to say with reference to the Chicago crime record, to which attention has been directed by the Leob-Leopold murder trial and efforts to secure a reprieve for another youthful murder, who, it seems was less foresighted than the young Messrs. Leob and Leopold in selecting wealthy parents and was therefore not so well represented in court.

But bad as Chicago is with reference to crime and law as Chicago is with reference to punishing criminals, it is very doubtful if she excels Texas in either particular. Chicago has been averaging during the present year almost a murder a day, and hangings are so rare that when one is scheduled the attention of the entire nation is directed to

ward the metropolis of the Great Lakes.

Statistics on the subject of murder and hangings in Texas are not at hand. It is difficult to gather statistics on murder in Texas because of the vast territory and the lack of an organized method of gathering the figures. A murder may be committed in a sparsely settled county in Texas and wholly escape public notice. In fact many such cases occur where neither the slain or slayer are of any particular prominence. In a great city like Chicago, however, with its highly organized though apparently inefficient police force and many daily newspapers and news gathering association offices, it is a simple matter to gather figures on murder. An hour or two perusing the files of any one of the Chicago newspapers would be sufficient to enable one to ascertain the number of murders committed in any given period.

These facts lead The Record to the opinion that the murder rate in Texas will almost if not quite equal that of Chicago for the past few months. It's a rare daily paper that doesn't bring the news of a killing somewhere in Texas, and the newspapers do not get all the reports where, as already indicated, the slain or slayer is an obscure person and where the murder occurs in some county where the newspapers have no correspondents.

But it doesn't seem to occur to any of us that when it comes to killing one another Texans are still possessed of a degree of proficiency that must command the respect of killers in other states and cities. It is also worth mentioning that we Texans just now are not penning or hanging any appreciable number of those who go gunning for their neighbors.

So, in the absence of the latest figures on the murder league, The Record is unwilling to concede the pennant to Chicago. At any rate, we can't afford to admit the supremacy of our Illinois rivals without getting official figures.

Please Notice.  
See our big display ad on page 3 and notice that we pay for every serious and permanent loss or dis-ability as well as for old age and death. Also notice that we do not pay for temporary and minor losses or disabilities for we do not be-lieve it is practical or satisfactory for an assessment association to care for such claims, as these will be made so often that it would keep the membership continually in "hot wa-ter" paying the assessments.

## AUTOMOBILE SHIPMENTS TO EUROPE BY TRAINLOADS

Granting that the automobile business is a fair barometer of gen-eral commercial conditions and cer-tainly we have found it so at home, the comeback of Europe is going to be much quicker than even the most optimistic have dared to hope, says E. T. Strong, General Sales Manag-er of the Buick Motor Company.

The sale of Buick cars certainly sets at naught the almost uniform predictions that Europe's prosperity was to come well into the future and only after some very carefully planned and well executed econo-mic stimulations.

Two trainloads of Buick cars bound for foreign shores left the Buick factories during the third week of September, one on the 15th and another on the 20th.

While the shipment of trainloads of automobiles for export will un-doubtedly be a surprise to many, it is rather a common thing with the Buick. During the month of Aug-ust, for instance, five trainloads of Buicks left the factories for export-ing points, and trainload shipments for September will no doubt surpass the month of August.

Aside from Italy and France where unfavorable tariffs practi-cally prohibit the sale of any Ameri-can made motor cars, there seems to be no one spot in the world

where Buick cars are not being pur-chased: England, Argentine, Bra-zil, Chile, Peru, Bolivia, Columbia, Venezuela, Cuba, Porto Rico Gen-eral America, Mexico, Hawaiian Is-lands, Philippine Islands, Japan, China, Java, Sumatra, Norway, Sweden, Belgium, Holland, Den-mark, Switzerland, Spain, Portugal, Greece, Serbia, Indian, Australia, and South Africa. To all of these points and many others, many of them little thought of in our daily life, shipments of Buick cars are constantly on their way. At home, too, Buick sales volume reflects a prosperous condition of business and commerce, another indication that the world is rapidly recovering its business stride. Nations and in-dividual alike rally quickly, and as they rise, turn to the purchase of necessities. That they buy Ameri-can motor cars in large quantities is a tribute to American industry.

### PRIZES FOR WINNERS OF HORSE RACES AT T. & O. FAIR

When it comes to running horse racing, the Texas-Oklahoma Fair, September 29, October 5, claims pre-eminence among the southwestern expositions.

The thoroughbred races are given equal prominence with the other amusement feature, with a set of expert officials and all the "trimmings" that lend romantic charm to this sport.

Purses are from \$250 to \$1,500 and five to six races a day are scheduled, so that rain does not interfere with the running races, insuring no disappointed afternoons.

Saturday, October 4th, "West Texas Chamber of Commerce Day," will also be "Texas-Oklahoma Derby Day" with an exclusive thoroughbred program of events.

When the musical call of the bugle summons the spirited horses to the post; when they parade before the grandstand, led by the red-robed marshal, and mounted by picturesque little jockeys sporting the silks of some of the best stables consigning; when they face the barrier, alert and eager for the start; when they go, to the thunderous cry of "They're off" from the wild cheering crowds in the stands, when they streak down the back stretch, with the crowds on tiptoe, watching their progress; and when they come like a cyclone down the home stretch the leaders neck and neck, and pass under the wire barely a nose apart, with the shrieking hosts temporarily gone mad with excitement—then you will experience the thrill of your life and you will understand why, from the dawn of civilization, people have loved and cherished the "Sport of Kings."

## Miss Parker Honoree At Announcement Party Wednesday

A delightful affair was given Wednesday afternoon by Mrs. Eugene Laurence Keltz when she was at home to nearly two hundred guests at her residence on South Main street.

Miss Harriett Thomas received the guests at the door and presented them to the hostess who was assisted in receiving by Mesdames Birdie H. Parker, W. O. Anderson, T. J. Youngblood, J. C. Vann of Burk Burnett and Dee Norwood. They were then met by Mesdames J. V. Townsend, Daniel Bond, R. D. L. Killough and J. M. Napier, who ushered them into the tea room where Mrs. S. C. Rodgers presided over the tea service, assisted by Misses Geraldine Parker, Mozelle Parker, Beniah and Maudie Ladd, Mary and Jennie Blackman, Johnnie Mallow and Doris Boger, who served the confections, sandwiches and small cakes.

The guests after being served, returned to the living room where Miss Vera Harrington, whose playing is a delight, gave a piano number. Miss Adelle Ray, charming singer from Wichita Falls, sang two numbers. At this juncture the bluffs of a bugle were heard and Allie Joe Murchison, little daughter of Mr. and Mrs. Frank E. Murchison, appeared attired as a trumpet with a pack slung over her shoulder, containing proclamations, sealed with red heart seals. These were hastily opened by the assembled guests, who read the wonderful statement that Miss Geraldine Parker, of Vernon, daughter of Mrs. Birdie H. Parker and John Trail Miller of Burk Burnett, are to be married at high noon, October 8.

After the proclamation, Mrs. Leon H. Brown in a very pleasing manner gave two clever readings. The guests were then invited to register in the bride's book, a gift from the hostess.

Miss Parker was born and reared in this city and is one of Vernon's most popular young women. Her many friends regret to see her make her home elsewhere but are showing her with good wishes as to her future happiness.

The color scheme in the reception and dining room was pink and white and the cut flowers used were roses and gladioli. The lights were softly veiled with rose pink overings.

The tea room was a thing of beauty, all in gold with goldenrod and other Autumn flowers bringing to the motif in its exquisiteness. The handsomely appointed tea table with its shiny cover, on which the very silver service was placed, centered with flowers of goldenrod.

**Please Notice.**  
See our big display ad on page 3 and notice that we pay for every serious and permanent loss or disability as well as for old age and death. Also notice that we do not pay for temporary and minor losses or disabilities for we do not believe it is practical or satisfactory for an assessment association to care for such claims as there will be made so often that it would keep the membership continually in "hot water" paying the assessments. ## Pepsinated Calomel Is Better than the Old- Time Sickening Kind

It is gentle, Imported English Calomel, combined with Pepsin and other helpful ingredients. It is mild but certain, causing no harshness or unpleasantness and will absolutely relieve indigestion, biliousness, bad colds, constipation and sick headaches. And best of all it does it at once—quickly and pleasantly. Take one small tablet at bed-time and you will get up hungry and feeling fine. Recommended by

# MRS. BLANTON HONOREE OF EASTERN STAR CHAPTER

Mrs. W. A. Blanton, past matron of Vernon Chapter of the Eastern Star, was honor guest Monday night at a regular meeting of the Chapter at the Masonic hall. Mrs. Blanton is leaving soon to join her husband at Lubbock, where they will reside.

Mrs. A. S. Ross, on behalf of the Chapter presented the honoree with a beautiful pot plant and in a little speech voiced the appreciation of the Chapter for the work done by her, both in the Eastern Star and the Rainbow Girls. Mrs. Blanton is resigning as mother advisor of the newly organized Rainbow Girls. Mrs. Blanton feelingly responded to the words of the speaker, thanking the chapter for the gift and regretting that she must leave her old friends, but reiterated the words of Mrs. Ross, who had said, "she was just being loaned to Lubbock, that they couldn't have her for keeps."

An ice course was served during the social hour.
